/ ICON

New ways to live your everyday life

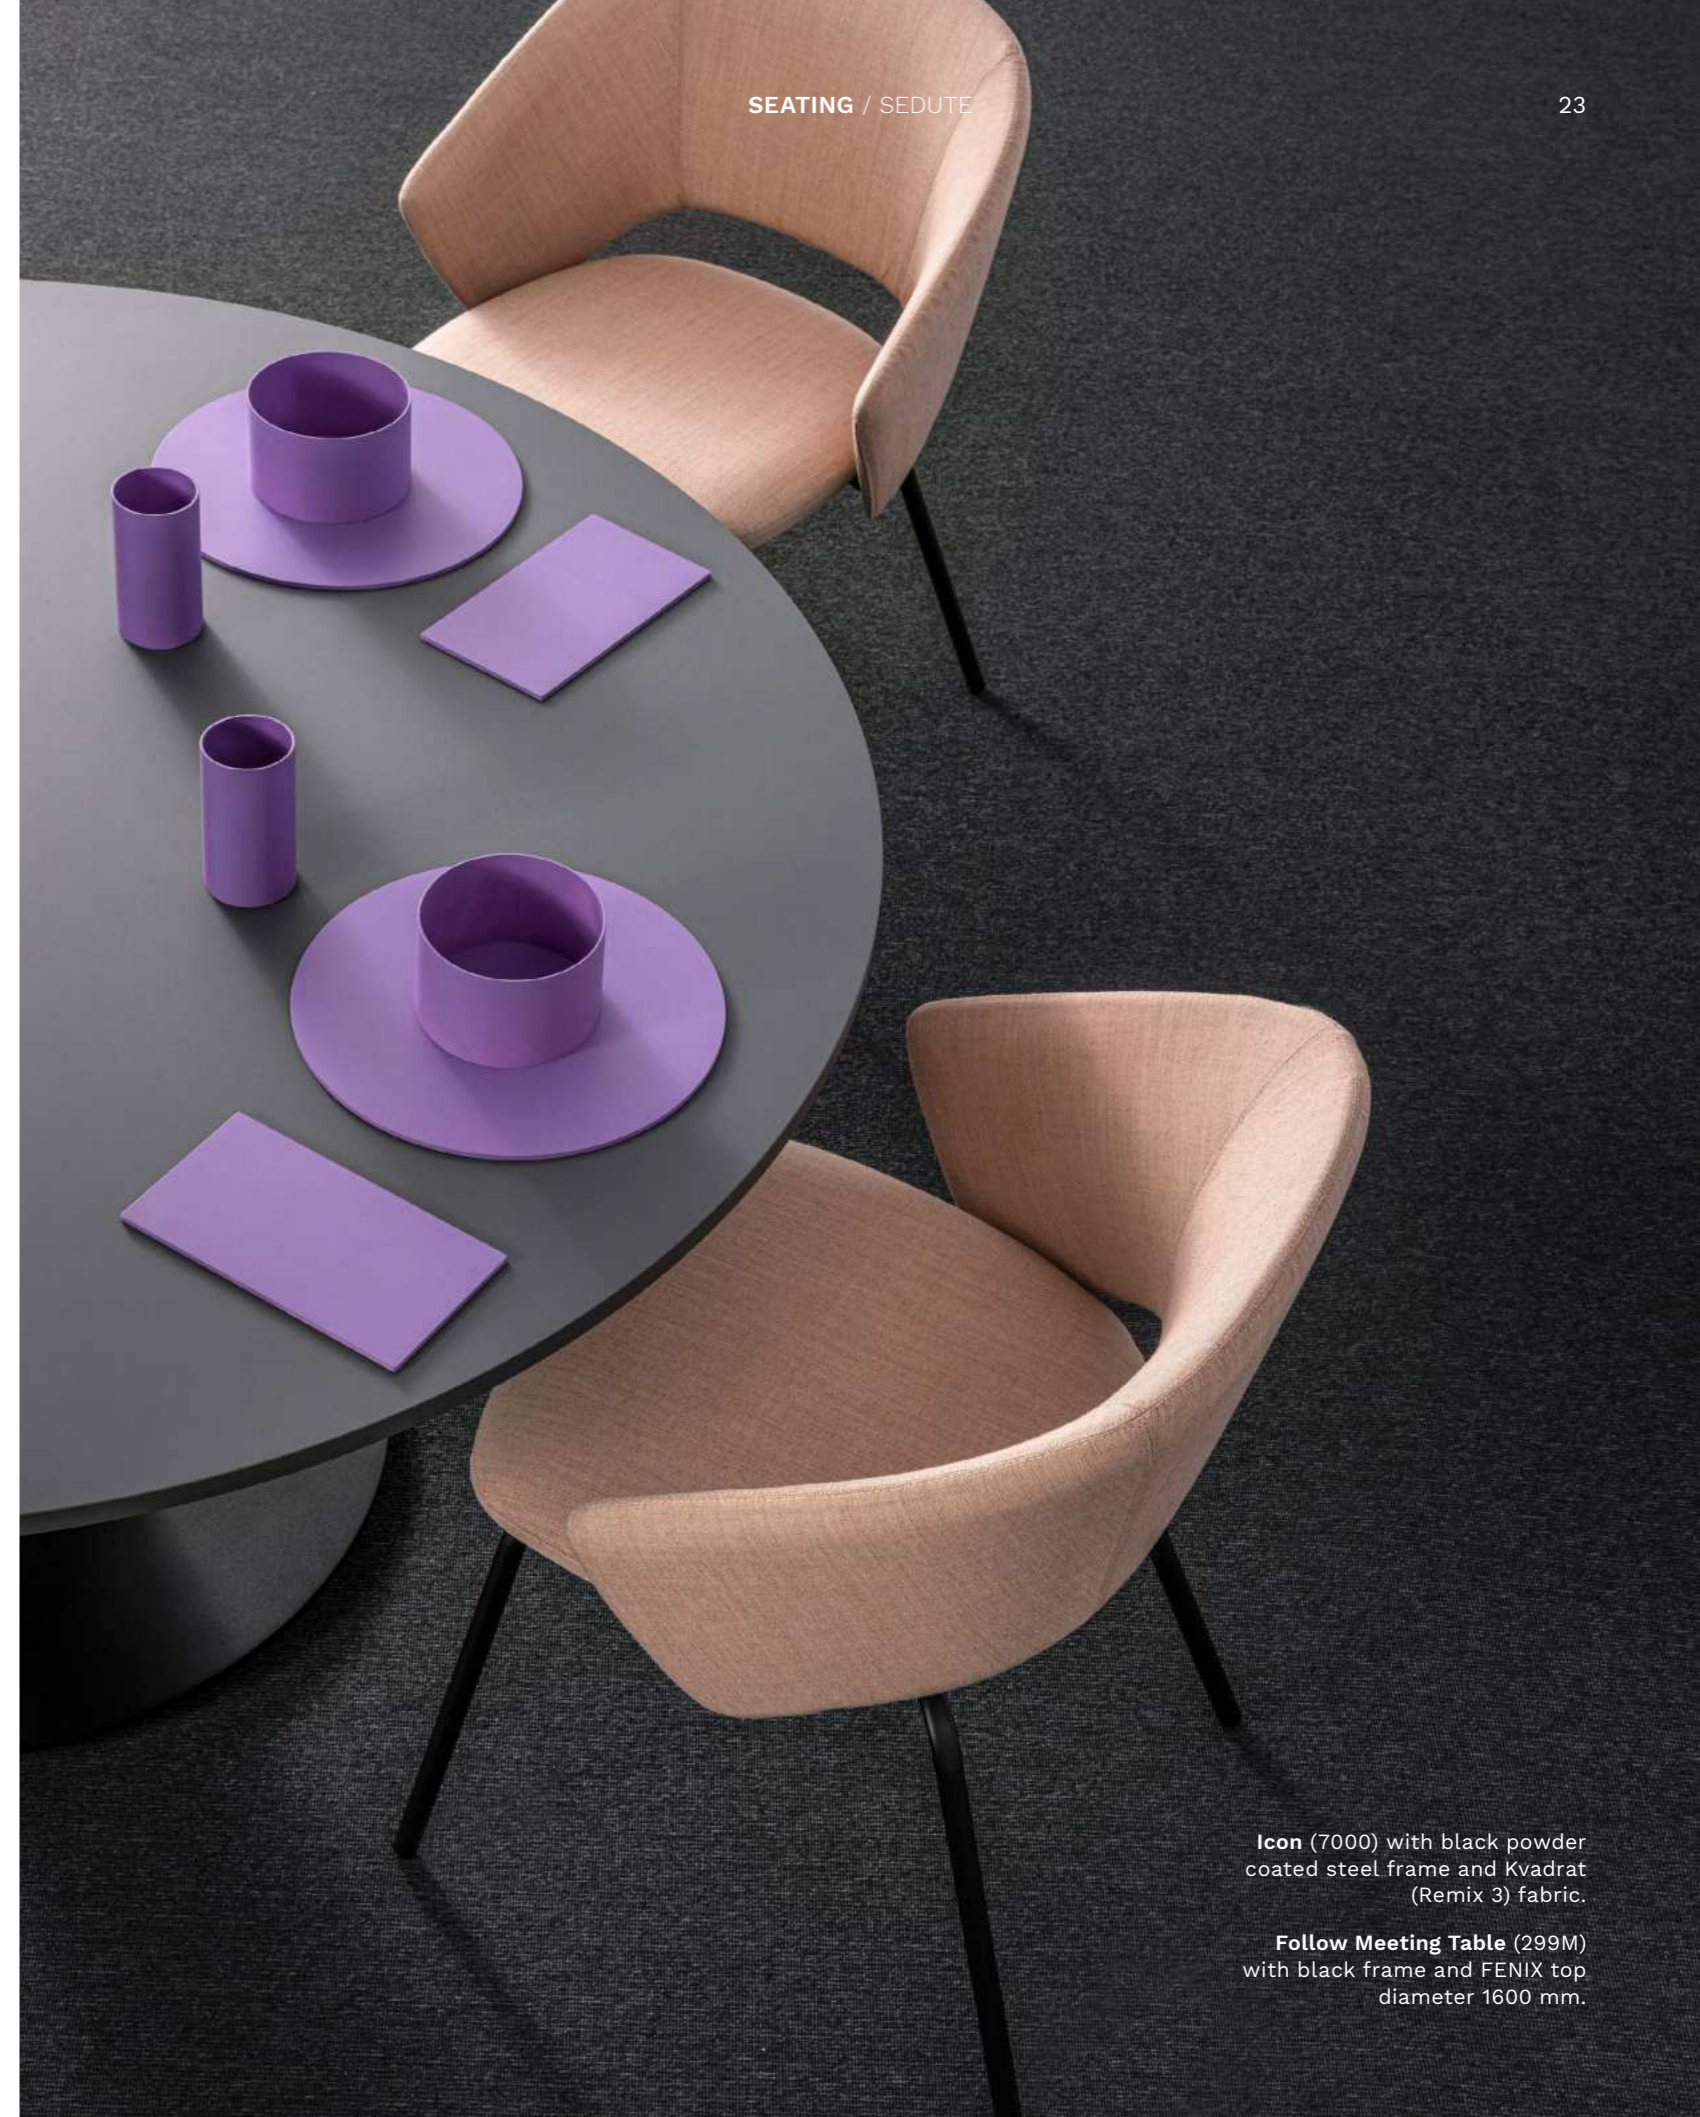

DESIGN MARCELLO ZILIANI

It presents itself as an 'Icon' for Mara and the world of design, into which it plunges from the outset with its classic yet confident and bold character: its clear-cut lines that define it, the receding armrest that looks backwards and the upward-reaching edge are representative of this. The minimalist expression, however, encapsulates extreme comfort, thanks to a large, soft cushioning and, above all, thanks to the movement of the back, which is detached from the seat. Evident from the outside the absence of mechanisms generating the movements of the back and seat, carefully concealed in the armrests and base respectively, thanks to systems designed by Marcello Ziliani and Mara's R&D team.

Si presenta come un' "icona" per Mara e per il mondo del design, in cui si immerge fin da subito con la sua indole classica, ma anche sicura e audace: ne sono rappresentative le linee nette che la definiscono, il bracciolo sfuggente che guarda indietro e il suo spigolo che si innalza verso l'alto. Nell'espressione minimale è però racchiusa l'estrema confortevolezza, grazie ad una cuscineria ampia e morbida e soprattutto grazie al movimento dello schienale, che è slegato dalla seduta. Evidente all'esterno è l'assenza di meccanismi che generano i movimenti dello schienale e del sedile, accuratamente nascosti, rispettivamente nei braccioli e nella base, grazie ai sistemi progettati da Marcello Ziliani e dal team R&D di Mara.

DESCRIPTION / DESCRIZIONE

en Icon is the new, exclusive collection of upholstered seating Mara. Research, originality and innovation perfectly blended as evidence of the union between design and functionality.

A comfortable and cosy armchair with seat and back in certified soft polyurethane foam. Embracing shapes and geometric lines are strong stylistic marks of the product that conceal original technical solutions made in Mara. Available in different models including the version with a five-spoke base and synchronised mechanism integrated into the seat allowing the back to be adjusted for an optimal posture. Icon is sturdy and offers removable upholstery, it is designed to last over time and to suit any context of use: from the office to hospitality and home.

it Icon è la nuova, esclusiva, collezione di sedute imbottite di Mara. Un mix di ricerca, originalità e innovazione risultato dell'unione tra design e funzionalità. Poltroncina confortevole e accogliente composta da sedile e schienale in schiumato poliuretano morbido. Un prodotto caratterizzato da forme avvolgenti e linee geometriche dal forte segno stilistico che nascondono inedite soluzioni tecniche made in Mara.

Disponibile in diversi modelli tra cui la versione con base a cinque razze e meccanismo sincronizzato, integrato nel sedile, che permette la regolazione dello schienale per un'ottimale postura. Icon è robusta e sfoderabile, pensata per durare nel tempo e per soddisfare qualsiasi contesto di utilizzo: dall'ufficio, all'hospitality fino alla casa.

/ LOTO RECYCLED

Loto chair, your sustainable future

For years Mara has been implementing a series of sustainable initiatives targeted to guarantee an ecologically responsible production that promotes whenever possible the use of recycled materials and reduces the use of natural resources. Loto is a good example, a seating born in wood, a natural and pure material by far, that today expands with a new version in recyclable and recycled polypropylene that comes from the regeneration of certified post-consumer plastics.

Da anni, Mara ha intrapreso una serie di iniziative sostenibili con il desiderio di garantire una produzione ecologicamente responsabile che aumenti, ove possibile, l'utilizzo di materiali riciclati riducendo rifiuti e il consumo di risorse naturali. È il caso della collezione Loto, una seduta nata in legno, materiale puro e naturale per eccellenza, che oggi si amplia con la nuova versione in polipropilene riciclabile e riciclato.

DESCRIPTION / DESCRIZIONE

en The attention to the sustainability of the environment is a fundamental value for the brand.

Loto is a collection featuring a polypropylene shell with a simple and yet essential silhouette. Version in recyclable and recycled polypropylene that comes from the regeneration of certified post-consumer plastics. A wide range of frames and accessories allows the configuration of timeless seating that naturally enters the most diverse and refined spaces: from the office to the restaurant and home.

it L'attenzione verso la sostenibilità ambientale è un valore fondamentale del brand.

Loto è una collezione caratterizzata da una scocca in polipropilene dalla silhouette semplice ed essenziale. La plastica riciclata impiegata in sostituzione della plastica vergine proviene dalla rigenerazione di plastiche post-consumo certificate. L'ampia scelta di telai e di accessori permette la configurazione di una seduta "senza tempo" che si inserisce naturalmente negli ambienti più diversi e ricercati: dall'ufficio al ristorante fino alla casa.

Detail of the Simple Outdoor version.

/ SIMPLE

Pure and simple character

Simple collection combines the simplicity and essentiality of shapes with lightness and practicality. The strong connotation to the chairs of the Seventies combined with the industrial style that characterises it makes it suitable for both modern and, at the same time, classic environments. Simple is a collection of seating ideal for cafés, bakeries and restaurant but also for break areas and home.

La collezione Simple unisce la semplicità delle forme a leggerezza e praticità. La forte connotazione alle sedie tipiche degli anni Settanta, unita allo stile industrial che la caratterizza, la rende adatta sia in ambienti moderni che classici. Simple è una collezione di sedute ideale per caffetterie, bakery e ristoranti ma anche per aree break e per contesti residenziali.

/ GATE

Timeless functionality and versatility

Gate is a collection of chairs that combines functionality, sturdiness and versatility. Gate is also “space saving”: the seat can be fixed or foldable with a braking system to soften the return movement.

A certified seat, also available in a fire retardant version, which meets the requirements necessary to furnish public spaces, schools, conference rooms, meeting and training rooms.

Gate è una collezione di sedute che unisce funzionalità, robustezza e versatilità. Gate è anche “space saving”: il sedile può essere fisso o ribaltabile con sistema di rallentamento per ammortizzare il movimento di ritorno. Una seduta certificata, disponibile anche in versione ignifuga, che risponde ai requisiti necessari per arredare spazi pubblici, scuole, sale conferenza, sale meeting e training.

Gate chair (6000) can be enriched with different accessories including writing tablet (6051L), armrests (6050) and basket (6020).

Gate chair (6000) in anthracite polypropylene with armrests. Black powder coated frame.

Gate chair (6000) with anthracite polypropylene seat and back and black powder coated frame. Front upholsteries for seat and back in Gabriel (Step Melange) fabric.

Detail of the polypropylene shell with handle.

/ BEN

A distinct character

DESIGN MENEGHELLO PAOLELLI

The Ben stool has a design inspired by a sheet of paper that rests on the metal structure and is shaped on it. On the backrest a cut creates a handle that makes it easier to lift and move and gives it a distinct character. Available in the version with steel frame and gas lift.

Lo sgabello Ben ha un design ispirato ad un foglio che si adagia sulla struttura metallica e si modella su di essa.

Sullo schienale un taglio crea una maniglia che ne facilita il sollevamento e lo spostamento e le conferisce un distinto carattere. Disponibile nella versione con struttura in acciaio ed alzata a gas.

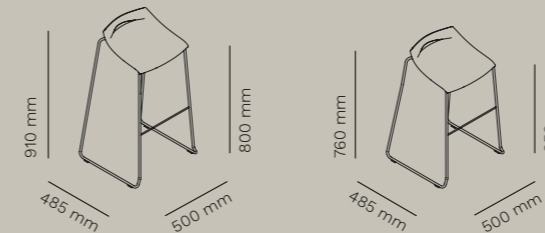

Ben stool (331D) with anthracite polypropylene shell and black powder coated steel frame.

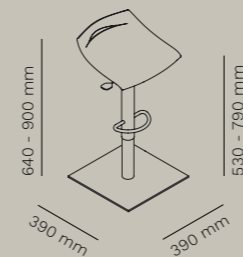

Ben stool (331) with polished stainless steel base, chromed column with gas lift device.

Detail of the Argo Libro frame.

/ ARGO

A new folding tables era

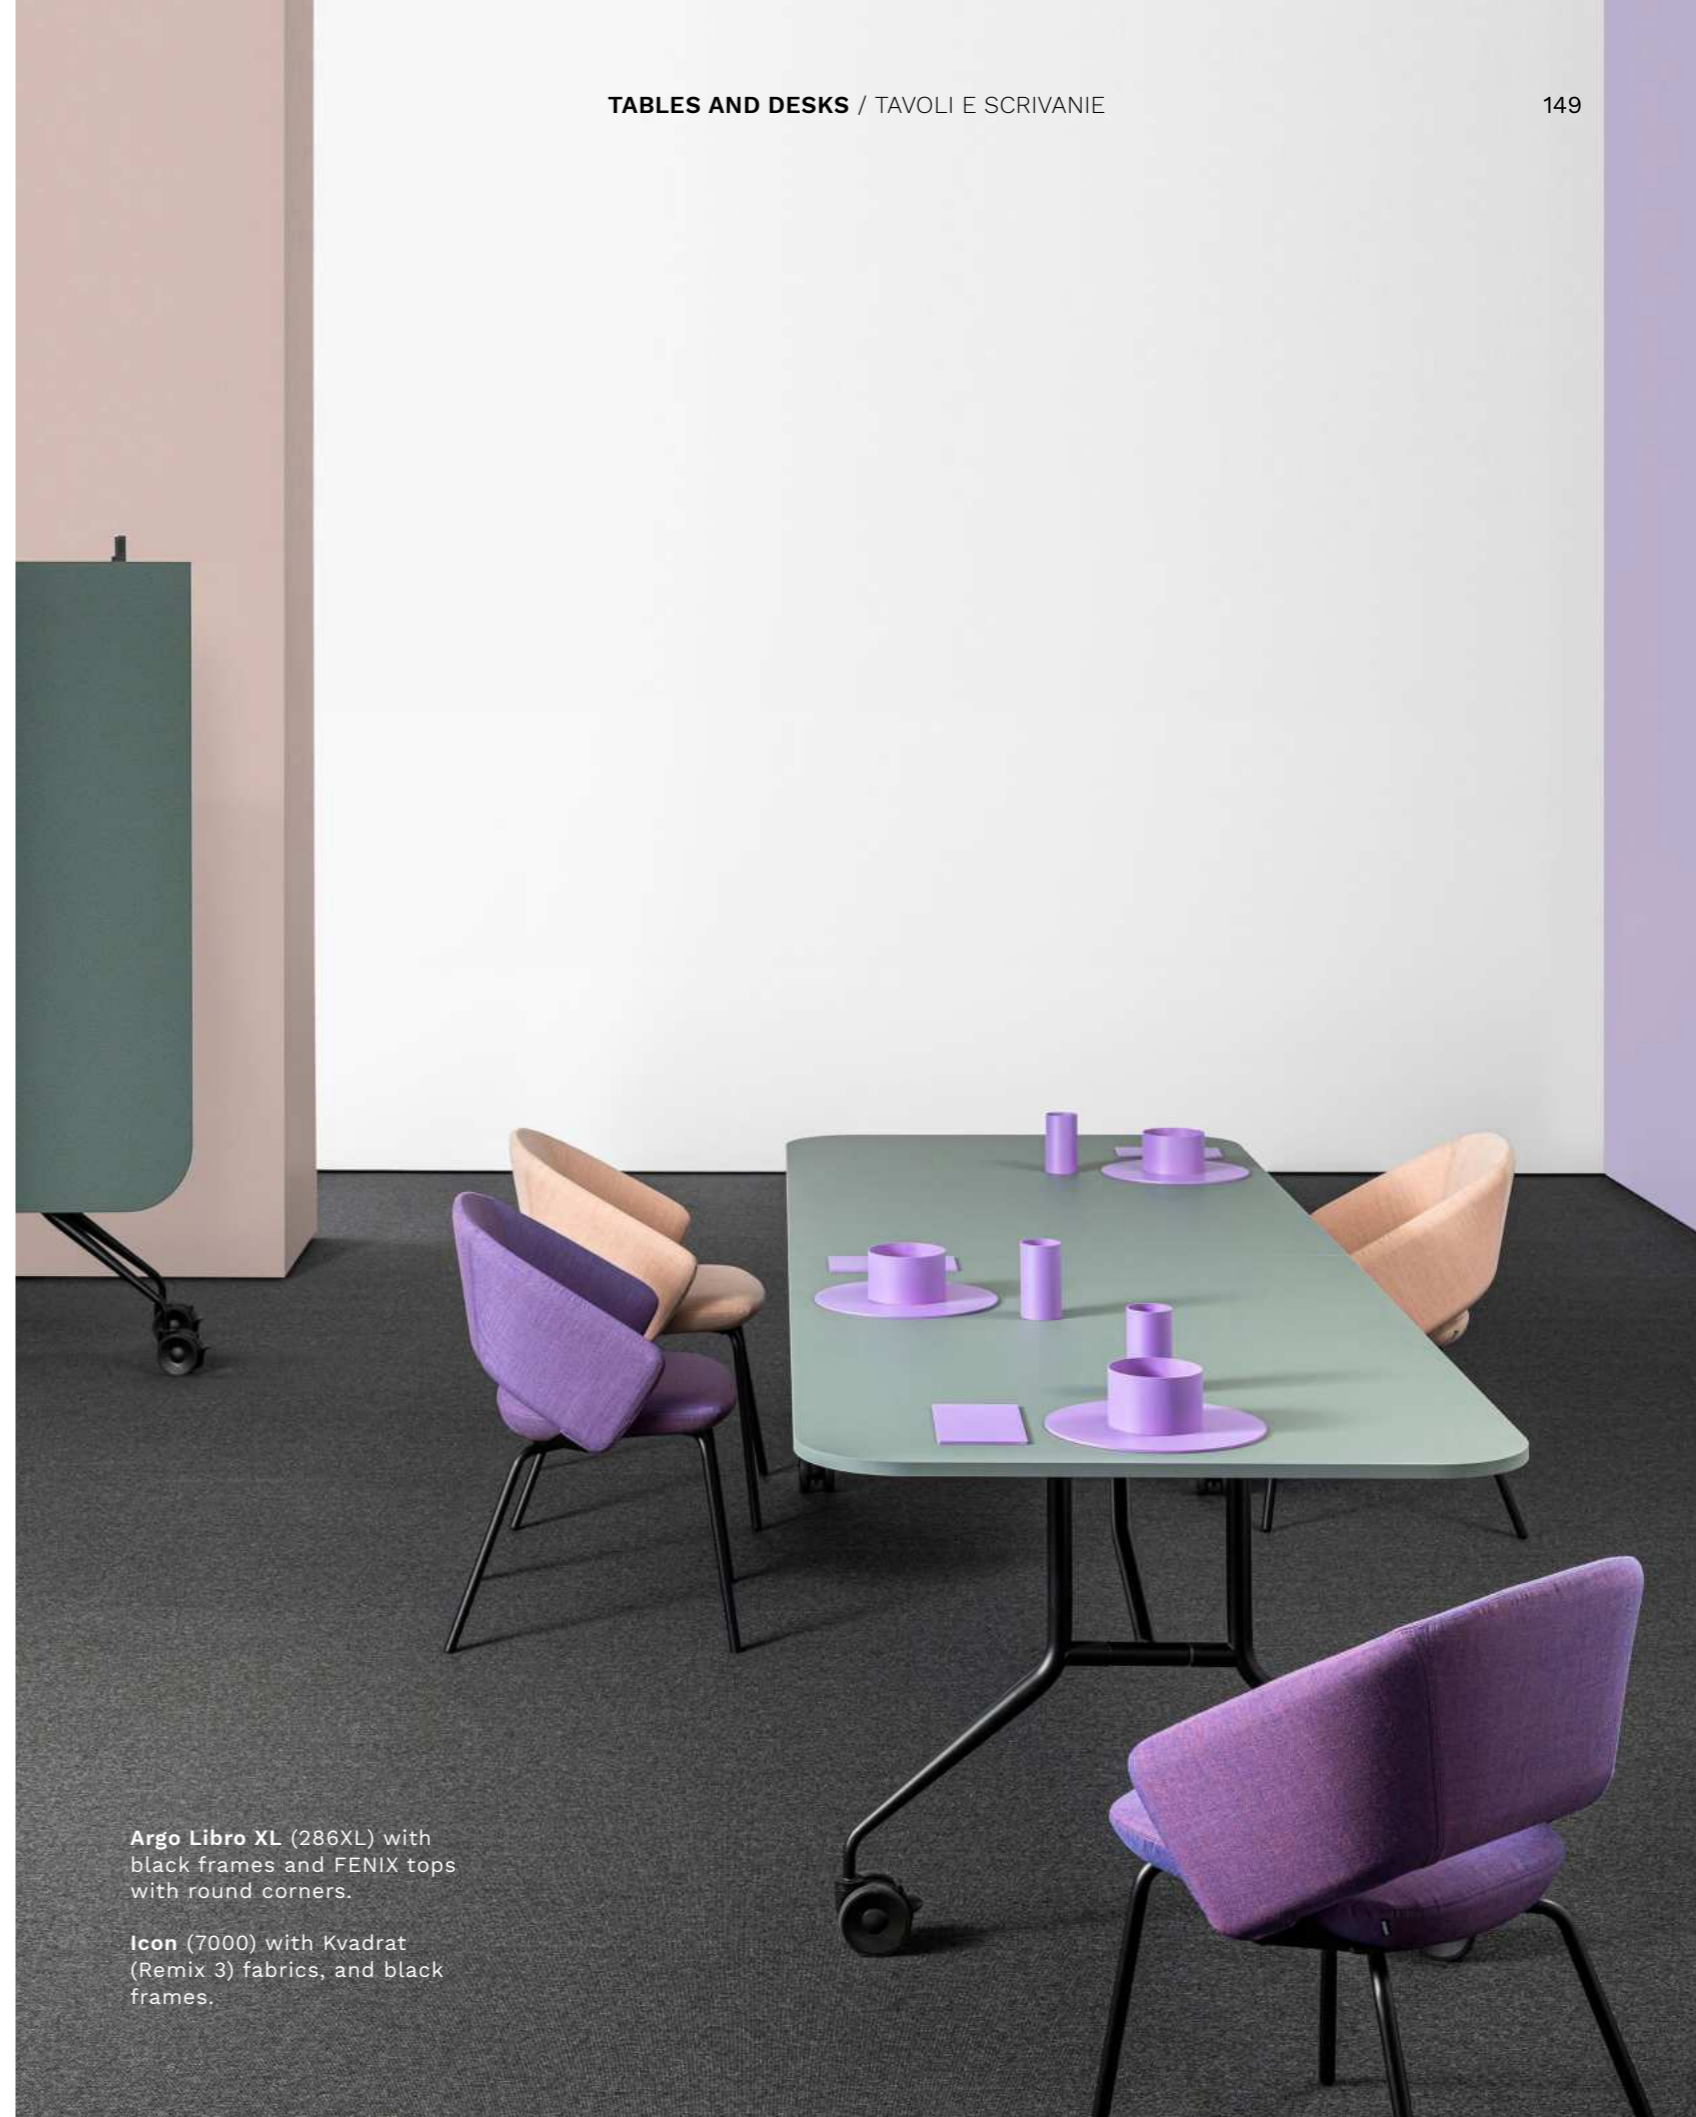

Mobility and personalization are the key elements to promote efficiency and well-being in the workplace. Argo is a collection of multifunctional and space-saving tables featuring robustness and stability while evoking elegance and lightness. The handling and stacking of these tables allow the optimization of the spaces making them perfect for offices, conference rooms, catering but also for the home.

Mobilità e personalizzazione sono gli elementi chiave per promuovere l'efficienza e il benessere negli spazi di lavoro. Argo è una collezione di tavoli salvaspazio verticalizzabili, ribaltabili e pieghevoli che offre un supporto stabile e robusto evocando eleganza e leggerezza. La movimentazione e l'accatastamento dei tavoli permettono l'ottimale sfruttamento degli spazi, rendendoli perfetti per uffici, sale conferenza, per la ristorazione ma anche per la casa.

Argo Libro (286L) multifunctional and space saving table ideal to be used in offices, conference rooms but also in residential contexts.

Detail of Argo Libro with black frame and black FENIX tops.

Argo Libro XL (286XL) with black frames and FENIX tops with round corners.

Icon (7000) with Kvadrat (Remix 3) fabrics, and black frames.

Argo Libro is equipped with the patented anti-shock system: the opening and closing of the table top is absolutely hands-safe and extremely simple.

An exclusive locking system allows the closure and the tops alignment.

Argo Libro (286L) with eco chromed frame and anthracite laminate tops.

Argo Libro (286T) with black elliptical tops and black powder coated frame.

/ TIMMY

Versatile and strong tables collection

The new challenge, to make people feel good at work, is to combine the design of the individual which varies over time, with that of the organization.

A collection of space-saving tables featuring an elegant iconic metal leg that provides a resistant and stable support to the different systems that characterize this family.

La nuova sfida, per far star bene le persone negli ambienti di lavoro, è quella di saper coniugare il disegno di vita dell'individuo, che varia nel tempo, con quello dell'organizzazione.

Timmy è una collezione di tavoli multifunzionali e salvaspazio caratterizzati da un'elegante gamba in acciaio che offre un supporto robusto e stabile ai diversi sistemi che caratterizzano questa famiglia.

Timmy Libro (294L) with white frame and laminate tops.

Timmy Libro is equipped with the exclusive anti-shock system, designed and patented by Mara.

Timmy Libro (294L) with black powder coated frames and FENIX tops. The table can be enriched with top access and power unit.

Loto Wood chair (3000L) with plywood shell and powder coated black frame.

Timmy Libro (294L) with black powder coated frame and FENIX tops enriched with top access.

Icon Swivel (7250) in Gabriel (Step Melange) fabrics with black 5-spoke base and synchro mechanism.

Icon Desk (7101) with a practical and functional swivel-arm tablet in black laminate.
Kvadrat (Remix 3) fabric.

B302 Roll (500DROLL) on castors, ideal to be used as a mobile storage system.

Timmy Libro H1050 (294H)
with powder coated frame
and FENIX tops.

Innovation and functionality go hand in hand in the design by Mara who has patented an exclusive anti-shock system applied to the Libro folding tables: the opening and closing of the table top is absolutely hands-safe and extremely simple.

Timmy Libro H1050 (294H)
with powder coated frames and
FENIX tops.

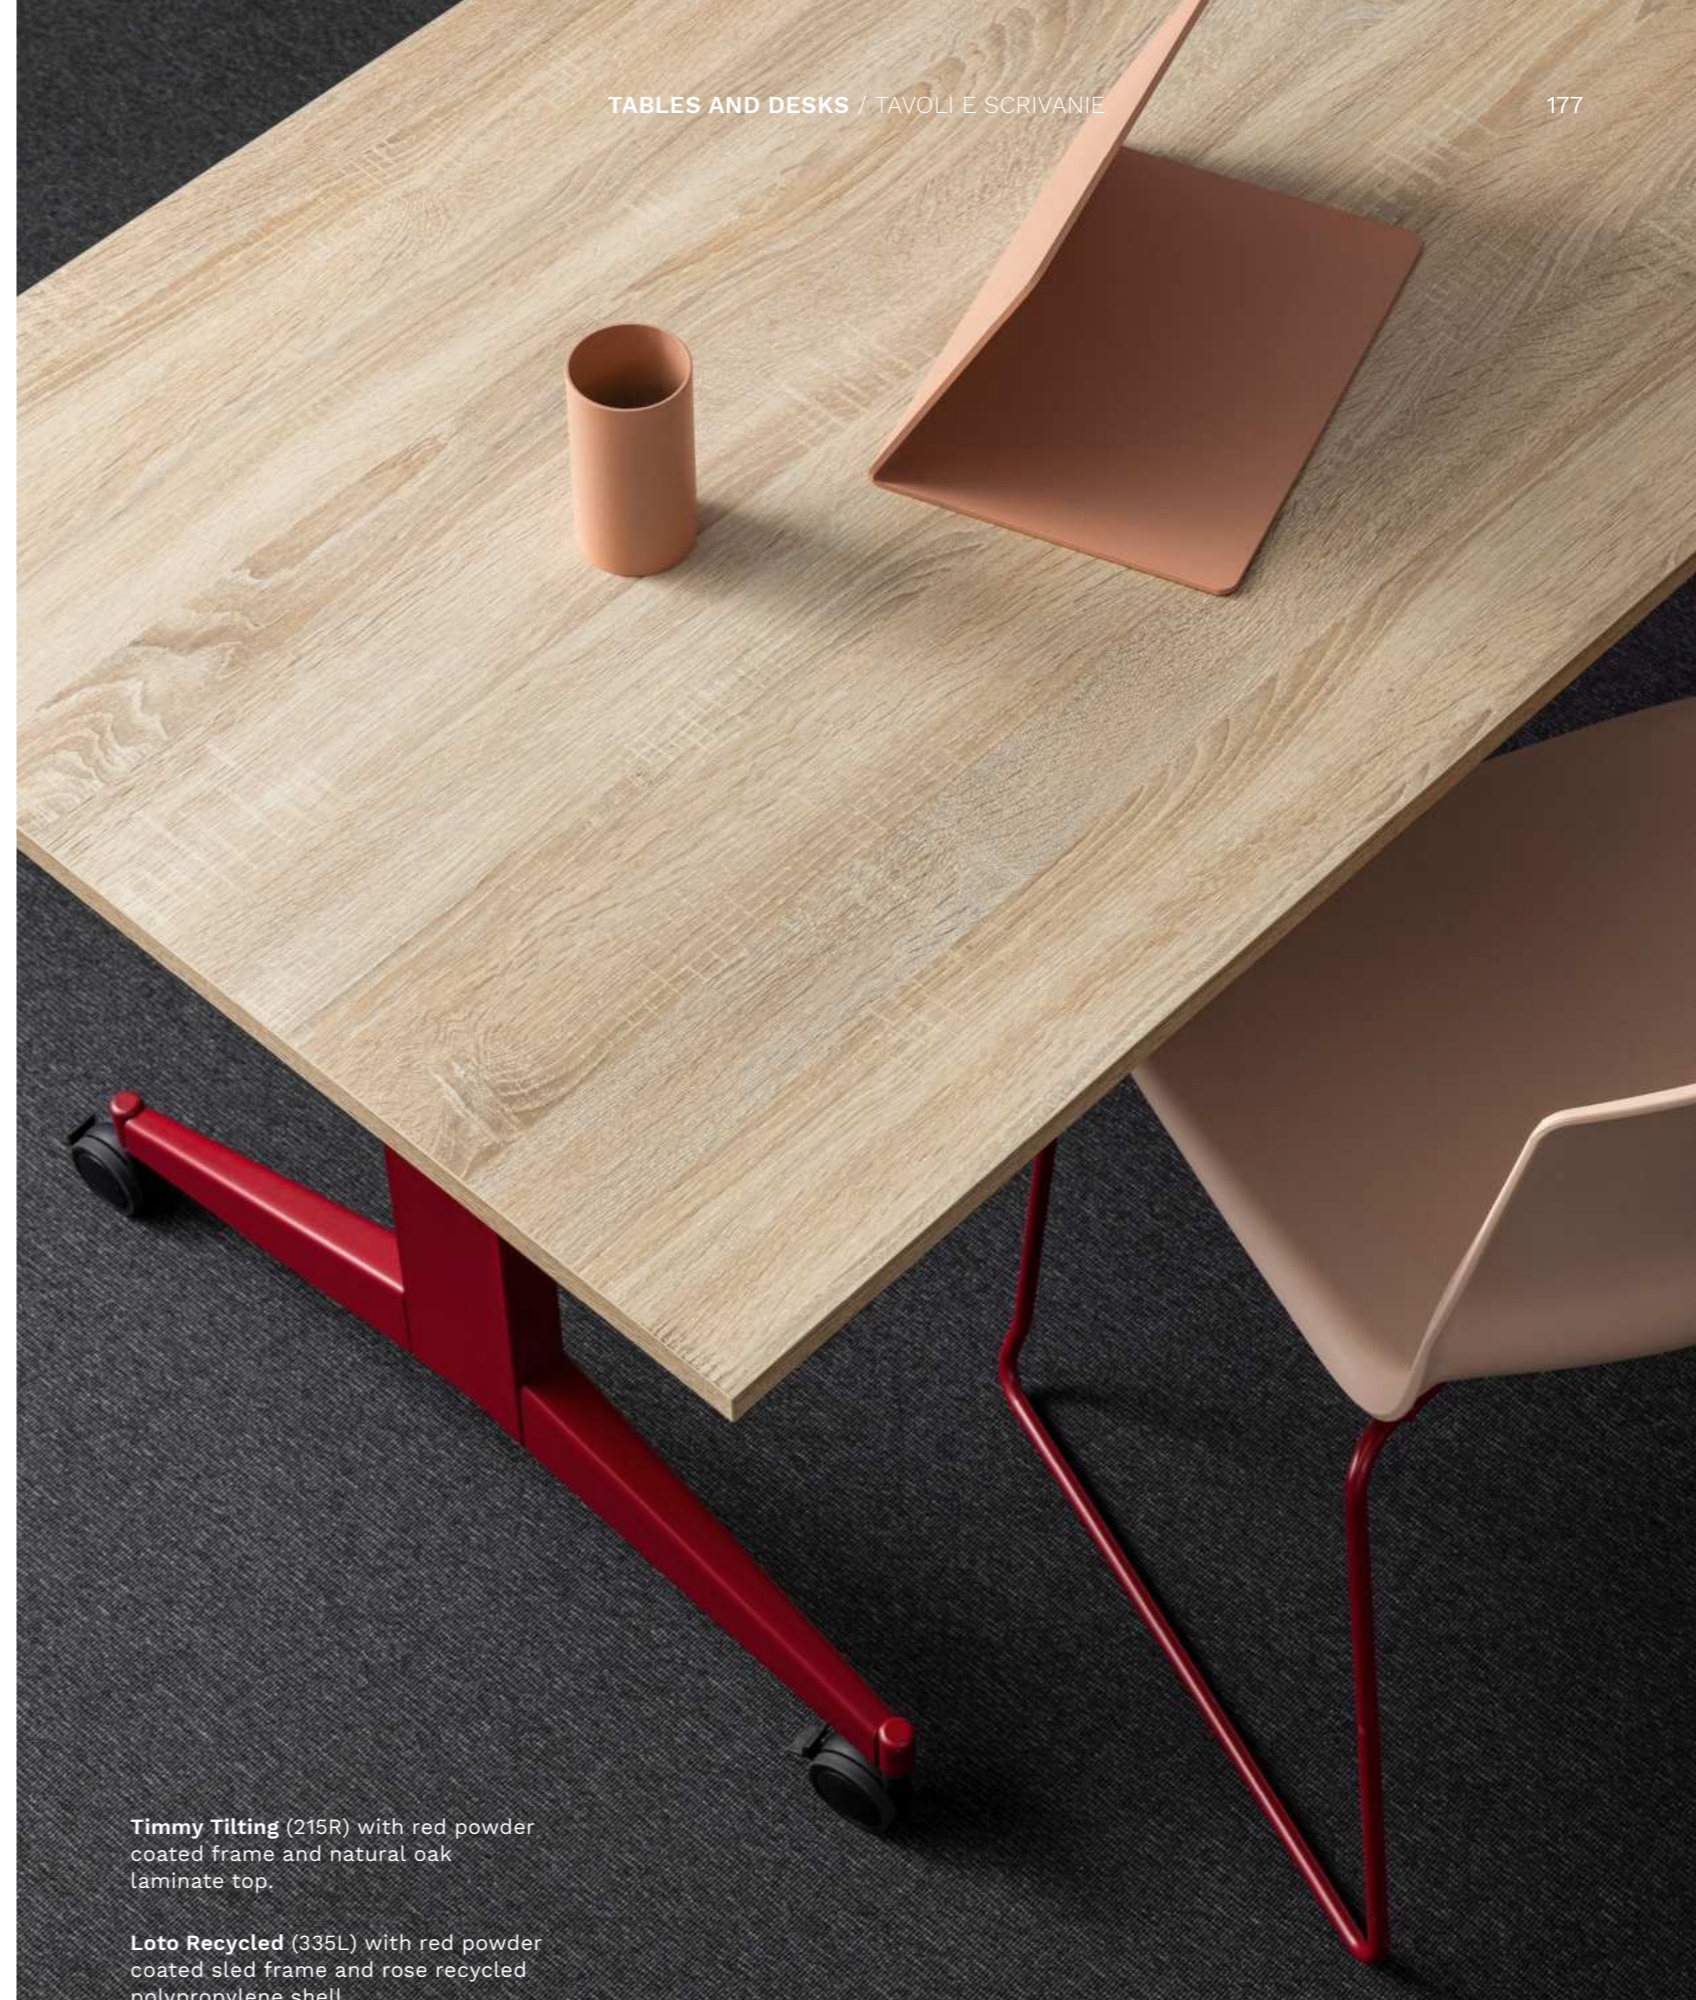

Timmy Tilting (215R)
with anthracite powder coated
frames and laminate tops.

Loto Wood stool (332L) with black
powder coated sled frame and black
stained beech shell.

Timmy Tilting (215R) with anthracite powder coated frames and laminate tops.

Detail of the single control to unlock the movement of the top with an integrated adjuster of flatness made in Mara.

Timmy Tilting (215R) with red powder coated frame and natural oak laminate top.

Loto Recycled (335L) with red powder coated sled frame and rose recycled polypropylene shell.

Timmy Folding version (215P)
and **Timmy Folding Plus** (215PLUS)
with red powder coated frames
and FENIX tops.

Timmy Folding (215P)
with **Timmy Folding Plus**
(215PLUS - R0).

The Plus accessory makes it easy
to join two tables with a straight
or corner top, increasing the
possibilities of configuration while
limiting the number of structures
used.

Timmy Folding (215P) with black powder coated frame and white laminate top.

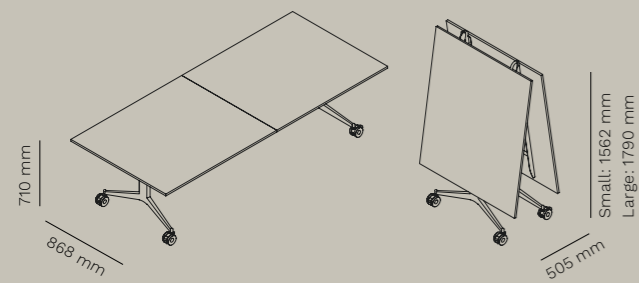

Detail of the trolley (200) for tables stacking and transport.

Timmy Fixed version (215F) with white powder coated frame and laminate top.

DESCRIPTION / DESCRIZIONE

en Timmy is a table with double legs entirely made in steel, both powder coated or chromed, that offers a robust support to the different handling systems: tilting top, Libro and folding legs. The fixed version completes the collection. The solidity of the structure allows the assembly of large tops: the libro version (equipped with the patented anti-shock system) can become a large 3200x1200 meeting table foldable in just 50 cm and movable by one person.

it Timmy è una collezione di tavoli caratterizzata da una doppia gamba interamente in acciaio, verniciato o cromato, che offre un supporto stabile e robusto ai diversi sistemi di movimentazione: con piano ribaltabile, con chiusura a Libro e con gambe pieghevoli. A completamento della collezione è disponibile anche la versione fissa. La solidità della struttura permette di montare piani di grandi dimensioni: la versione Libro (dotata del sistema antishock brevettato Mara) può diventare un grande tavolo meeting da 3200x1200 mm richiudibile in soli 50 cm e movimentabile da una sola persona.

Detail of Savio Libro Compact, multifunctional and space saving table.

/ SAVIO

A perfect mix of soft curves and straight lines

DESIGN FRANCESCO BARBI

A changing environment from an original structured space into a place of sharing and relationships.

A versatile solution for meeting rooms and offices, company restaurants and spaces for the community. Libro folding-top version, tilting top and folding legs configurations: Savio is the space-saving solution that simplifies the handling of tables and allows an easy repositioning within any environment.

Un ambiente che perde il suo carattere di spazio strutturato per diventare un luogo di scambio e di relazioni.

Una collezione versatile nell'allestimento di uffici, sale meeting e training, ristoranti aziendali e spazi destinati alla collettività. Versione con chiusura a Libro, con piano ribaltabile e con gambe pieghevoli: Savio è una soluzione salvaspazio che semplifica la movimentazione dei tavoli e consente un facile riposizionamento in qualsiasi ambiente.

Savio Libro Compact (277) with light grey powder coated frame and black laminate tops.

Savio Libro Compact (277) with powder coated frame and pink material effect laminate top.

A solution that, thanks to its technical-structural design, allows a further optimisation of the shipping and storage volumes that are reduced by four hundred percent.

DESCRIPTION / DESCRIZIONE

en Savio is a collection of tables characterized by a double leg entirely made in steel with refined in details thanks to the precision of the 3D laser cutting. The particularly technical structure of Libro Compact version reduces the volumes upon shipment and storage by four hundred per cent. Available with a tilting top and with folding legs, both configurations are designed to easily and intuitively solve problems of space occupancy. Powder coated or chromed frame.

it Savio è una collezione di tavoli caratterizzata da una doppia gamba interamente in acciaio stampato e rifinito nei particolari grazie alla precisione del taglio laser 3D. La versione Libro Compact, grazie alla propria conformazione tecnico-strutturale, riduce del quattrocento per cento il volume di stoccaggio e spedizione. Disponibile anche la versione con piano ribaltabile montata su struttura con ruote e quella con gambe pieghevoli, entrambe pensate per risolvere in modo semplice e intuitivo i problemi di ingombro. Struttura verniciata o cromata.

/ GATE TRAINING

Flexible and dynamic training

Training spaces become flexible and dynamic, as well as shared. Gate Training is a collection of functional, light and handy tables allowing to fast reconfigure a training room into a coworking space or a classroom. Easy to assemble, Gate Training tables can be joined and aligned in rows.

The small size combined with the castors practicality, make this table an ideal solution for the community: in schools, universities, libraries, training rooms and meeting rooms.

Gli spazi destinati alla formazione diventano flessibili e dinamici, oltre che condivisi. Gate Training è una collezione di tavoli funzionali e maneggevoli che permette di assecondare veloci configurazioni degli ambienti, per passare da training a studio o coworking. Facili da movimentare, grazie alle pratiche ruote, possono essere uniti ed allineati.

Le ridotte dimensioni unite alla praticità delle ruote lo rendono una soluzione ideale per la collettività: nelle scuole, nelle università, nelle biblioteche, sale training e meeting room.

Gate Training small (288)
with black powder coated
frames and tops.

Gate Training is certified
UNI EN 1729 as a school desk.

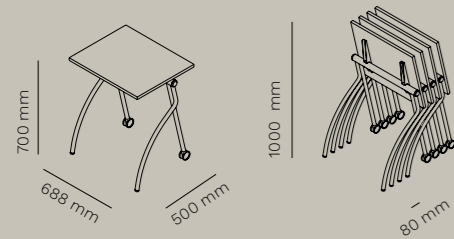

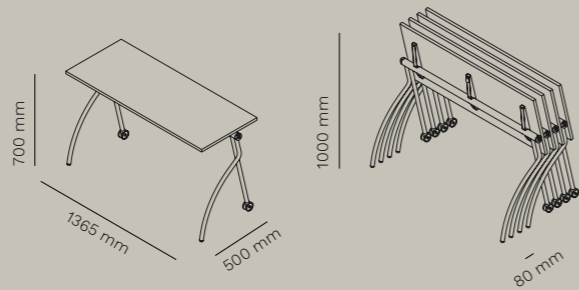

Stackable and available
in two different sizes, Gate Training
is equipped with practical castors,
to facilitate quick reconfigurations.

/ MORGAN

Timeless appeal

DESIGN FRANCESCO BARBI

Morgan is a table designed for both office and home environments. The geometric design of the tridimensional metal frame gives stability and enhances a timeless allure.

Morgan è un tavolo pensato sia per l'ufficio che per gli ambienti domestici. Il disegno geometrico che caratterizza la struttura in metallo tridimensionale, oltre a garantire la stabilità del tavolo conferisce un fascino senza tempo.

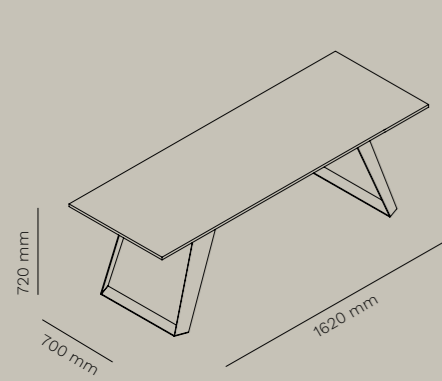

Morgan (224) with black laminate top and black powder coated frame.

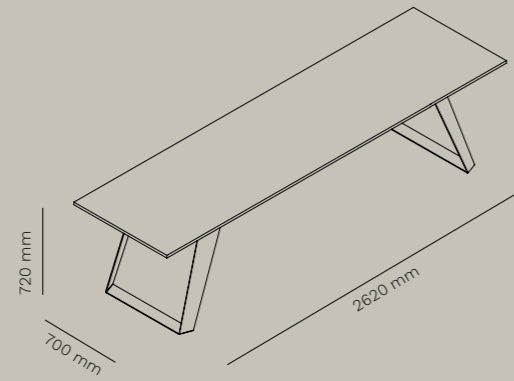

The table can be enriched with a practical upholstered acoustic panel.

Powder coat and steel overview

USE AND MAINTENANCE / USO E MANUTENZIONE

STEEL / ACCIAIO

en Our types of metals include: chromed metals and painted metals. Do not use acid or alkaline based cleaning products. Do not use detergents, steel wool, dishwashing detergents or the like. Sharp or pointed objects may damage the surface. Any hot or wet object may cause surface damage. Clean the surface regularly with a soft cloth to remove dust. To remove light dirt, use a soft cloth and a neutral household cleaner.

it Le nostre tipologie di metallo comprendono: metalli cromati e metalli verniciati. Non utilizzare prodotti per la pulizia a base acida o alcalina. Non utilizzare detersivi, lana di acciaio, detersivi per stoviglie o simili. Oggetti appuntiti o taglienti possono danneggiare la superficie. Qualsiasi oggetto caldo o bagnato potrebbe provocare danni alla superficie. Pulire la superficie regolarmente con un panno soffice per rimuovere la polvere. Per rimuovere lo sporco leggero utilizzare un panno soffice e un prodotto per le pulizie di casa neutro.

CHROMED STEEL AND ALUMINIUM POLISHED / ACCIAIO CROMATO E ALLUMINIO LUCIDO

en Do not use acid or alkaline based cleaning products. Do not use detergents, steel wool, dishwashing detergents or the like. Sharp or pointed objects may damage the surface. Any hot or wet object may cause surface damage. Clean the surface regularly with a soft cloth to remove dust. To remove light dirt, use a soft cloth and a neutral household cleaner

it Non utilizzare prodotti per la pulizia a base acida o alcalina. Non utilizzare detersivi, lana di acciaio, detersivi per stoviglie o simili. Oggetti appuntiti o taglienti possono danneggiare la superficie. Qualsiasi oggetto caldo o bagnato potrebbe provocare danni alla superficie. Pulire la superficie regolarmente con un panno soffice per rimuovere la polvere. Per rimuovere lo sporco leggero utilizzare un panno soffice e un prodotto per le pulizie di casa neutro.

Laminate and melamine overview

USE AND MAINTENANCE / USO E MANUTENZIONE

LAMINATE AND MELAMINE / LAMINATI E NOBILITATI

en Laminates and melamine products guarantee high performance in terms of resistance to scratches, shocks and abrasions. Keep furniture away from direct sunlight; furniture in direct sunlight may tend to discolour over time.

Do not use acid or alkaline based cleaning products. Sharp or pointed objects can damage the surface. Laminate and melamine furniture can be cleaned using a mixture of liquid soap and hot water. Rinse with cold water and dry with a paper towel or damp cloth.

STANDARD FENIX TOPS / PIANI STANDARD IN FENIX

en Cleaning FENIX means cleaning its structure. You can do this with warm water. As FENIX is a strong material, you can also use any household cleaner – even solvents like acetone * if needed. However, to avoid damaging the structure, don't scrub it with abrasive cream, a scouring pad or a hard brush; in the long-term, this might lead to a glossy spot on your matt surface. Instead, you can use a melamine sponge – also known as a magic sponge.

As a final step, to avoid anything staying behind in the structure – whether that's dirt or residue from your cleaner – always rinse afterward with warm water and wipe dry with a clean cloth.

* always follow safety instructions

it Laminati e nobilitati garantiscono alte prestazioni di resistenza ai graffi, agli urti e alle abrasioni. Mantenere i mobili lontani dalla luce diretta del sole; i mobili che si trovano alla luce diretta del sole potrebbero tendere a scolorire nel tempo.

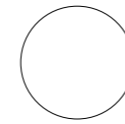

Non utilizzare prodotti per la pulizia a base acida o alcalina. Oggetti appuntiti o taglienti possono danneggiare la superficie. E' possibile effettuare la pulizia dei mobili in laminato e nobilitato usando una miscela di sapone liquido e acqua calda. Sciacquare con acqua fredda e asciugare con un tovagliolo di carta o un panno umido.

it Pulire FENIX significa pulirne la struttura. Si può farlo, usando acqua tiepida. Poiché FENIX è un materiale resistente, si può utilizzare qualsiasi detergente per la casa, se necessario anche un solvente come l'acetone *. Tuttavia, per evitare di danneggiare la struttura, è consigliabile evitare di strofinarla usando una crema abrasiva, una spugna abrasiva o una spazzola con setole dure; nel tempo, ciò potrebbe portare alla formazione di un'area lucida sulla superficie opaca. Si può piuttosto utilizzare una spugna in melamina, nota anche come spugna magica.

Come ultimo passaggio, per evitare la formazione di depositi nella struttura, che si tratti di sporco o residui del detergente, risciacquare sempre con acqua tiepida e asciugare con un panno pulito.

* seguire sempre le istruzioni di sicurezza.

CLEANING RULES / NORME DI PULIZIA

Vacuum clean frequently, ideally every week. Remove stains as soon as they occur, with clean warm water or sparkling water. Extraction clean when necessary. Extraction cleaning might dissolve water-based glue. Pay attention to temperature and amount of cleaning fluid. Disinfection, see kvadrat.dk

Passare spesso l'aspirapolvere, possibilmente ogni settimana. Rimuovere le macchie non appena si formano, con acqua calda pulita o acqua calda o frizzante. Pulire a estrazione quando necessario. La pulizia a estrazione può sciogliere la colla a base d'acqua. Prestare attenzione alla temperatura e alla quantità di liquido detergente. Disinfezione, vedi kvadrat.dk
